THE GREAT FOOTBALL GAME AT HOUSTON

Most Important Game in Southwest for Year—The Two Teams Briefly Compared.

One week from yesterday in Houston the A. and M. College football team and the eleven from the University of Oklahoma will clash for gridiron honors in the most important game of the season in Texas, or perhaps in the Southwest. Both institutions have unusually strong teams, and the contest promises to be a battle royal from start to finish. Coach Moran has built up a powerful football machine that has overwhelmed every team met to date. The Farmers' goal line has not been crossed, while they have piled up a total of 193 points, scoring 50 points against Daniel Baker, 59 against Trinity, 27 against Arkansas, and 57 against Austin College. Coach Bennie Owen's Sooners swept the field last season, and he has practically the same team this season.

Both teams have seasoned men for the backfield positions, and when they line up against each other at Houston it will be Greek meet Greek. Reeds and Courtwright are Sooner veterans who made the All-Southwestern team in 1912. Armbruster is playing his fourth year at quarter. Weedon and Rogers are both experienced full-

backs. Pitted against them on the Farmers' side will be Captain Bell, Beasley, Bateman, Vesmirovsky, and Kern, all of whom have proved irresistible in the games played to date. Kern, Bateman and Beasley are playing their third-year careers on the gridiron this season. Courtwright and Vesmirovsky are the mainstays for punting on their respective teams, and supporters of the local eleven have no doubt of "Ves'" ability to outdistance his opponent in the event of a punting duel.

The entire cadet corps will accompany the team to Houston on special trains, and will give a parade through the streets of the city in the morning before the game.

VISITED MADISONVILLE.

Dr. and Mrs. W. B. Oline and children of Bryan have been visiting relatives and friends in Madisonville and Midway this week.

Mrs. J. W. Gillespie of Bryan is visiting relatives and friends in Madisonville and Midway.

Mrs. J. S. Burtis of Bryan is visiting relatives and friends in the city.

Mr. Allen Smith of Bryan was in the city Monday and Tuesday on business.—Madisonville Meteor.

For Sale—260 acres; 150 acres under hog-proof fence, divided in two pastures; about sixteen acres of fine Bermuda meadow; seventy acres under cultivation; \$24 per acre; located within three miles of Kurten. Apply to Charlie Gerke, Box 58, Route No. 1.

INTERESTING ITEMS FROM A. AND M. COLLEGE

The textile department of A. and M. College is planning to manufacture canvas goods on a small commercial scale for the purpose of making the college plant self-sustaining. Prof. J. W. Bagley of the department believes that the plan can be made so successful as to make an appropriation by the legislature unnecessary to maintain the school of textile engineering. The textile building, a two-story brick structure erected in 1904, is equipped with all the machinery of a modern cotton mill.

Prof. J. W. Ridgway of the dairy department has received the decisions of the judges in the dairy judging contests held at the Texas State Fair at Dallas. DuPont Lyons of Sherman, a breeder of high-grade Jersey cattle, offered two prizes of \$15 and \$10 to the students of the college who made the best records in judging dairy cattle. First prize was won by J. K. G. Fisher of Fort Worth, and second prize was awarded to J. L. Culbertson of Waxahachie. Cash prizes of \$25, \$17.50, \$12.50, \$10 and \$5 were offered by the fair association to the students making the highest scores in judging dairy cattle and dairy products. The winners are as follows: First prize, J. L. Culbertson of Waxahachie; second prize, E. P. Menke of Hempstead; third prize, R. E. Caldwell of Bryan; fourth prize, J. M. Stone of Houston; fifth prize, P. T. McGinnis of Terrell.

The DeLaval Separator Company has offered a prize, valued at \$75, to be awarded to the student in the junior class in animal husbandry making the highest standing in his courses during the present school year.

H. H. Williamson of the extension department of the college has gone to Shreveport, La., to attend the state encampment of the boys' and girls' corn clubs, which is being held under the auspices of the Louisiana State Fair. If the encampment proves a success, the extension department will probably undertake a similar gathering of the Texas clubs next year at the Dallas fair.

The football team representing Companies L and M defeated the eleven from Companies I and K by the score of 12 to 0 on last Saturday afternoon.

The Brazos County Teachers' Association held a meeting at the college last Saturday. Addresses were deliv-

Now for that New Suit

While you are buying your Fall Suit, you might just as well get one that's up-to-date, and just the right style. The clothes we are showing are all wool, handsome, dependable fabrics; hand-tailored by experts—Take it altogether, you will see, as you look at them, that these new Fall Clothes of ours, leave nothing to be desired—a perfect fit in price too.

How About an Overcoat

Brandon & Lawrence

Outfitters for Young Men and Men Who Stay Young.

ered by J. M. Ridgway, professor of dairying; C. M. Evans, superintendent of agricultural extension; J. O. Morgan, professor of agronomy; R. J. Potts, professor of highway engineering; and E. J. Kyle, dean of the school of agriculture. An effort is being made to bring the teachers and farmers of Brazos county into closer touch with the work that is being done by the college.

Rabbi Barnstein of Houston occupied the chapel pulpit on Sunday. The Rt. Rev. J. M. Kerwin of LaPorte has accepted an appointment to preach to the cadets next Sunday.

U. D. C. MEETS NEXT FRIDAY

The local chapter of United Daughters of the Confederacy will meet Friday afternoon at 3:30 o'clock, when the following program will be carried out:

- Subject: "The South, the Mother of Orators, Statesmen, Liberty and Independence."
- Roll call: "The Golden Age of Oratory; Some Brilliant Statesmen of the South."
- Music: Vocal solo—Miss Mary Shelburne.
- Reading: Chapter from "Uncle Remus" (or selected)—Miss Anita Park.
- Music: Piano solo (selected)—Miss Alice Burtis.
- Paper: "The South; How She Planted the Seeds of Independence and Laid the Foundations of the Republic. Patrick's Henry's Defiance of the King; His Famous, 'Give Me Liberty or Give Me Death' Speech. Jefferson's Declaration of Independence. Washington's Refusal of a Kingdom and Crown."
- Music: Vocal solo—"I Dreamed I Dwelt in Marble Halls" (or selected)—Mrs. W. H. Howell.
- Chapter discussion: "The South, the Home of Oratory and Statesmanship; The Monroe Doctrine (the Palladium of Our Liberty) a Southern Measure; Superb Galaxy of Southern Men in Public Life, Clay, Calhoun," et al.
- Music: Piano—(Selected)—Miss Frances Hall.

It is especially desired that every member be present, for there is much important business to be attended to prior to the state convention, which meets at Fort Worth on December 3. Every member and all who are interested will be welcome and entertained by the proceedings and are urged to be present.

Owing to the failure of the Ellery

band to come here, the plans of the U. D. C. were disarranged. Several contributions have come in from non-members which are very much appreciated. Mrs. Robert Armstrong sent \$1.00 and the following note was received with reference to the concert, and greatly appreciated:

"My Dear Mrs. Tallafiero—We regret that our students are not financially prepared to be present Monday night. I enclose \$1.00 toward the success of your noble work, U. D. C., wishing it were a thousand times more. Very sincerely,

"Mother Superior,
"Villa Maria Academy."

HOUSTON MARKET REVIEW

Houston, Texas, Nov. 5.—The recent norther started a stiff demand for all kinds of poultry in the Houston market. Although the cold spell caught the market about two cents off, prices were firm at the decline and were buoyant for the expected rise, which now prevails. Poultry prices are at the bottom and will strengthen as the cold weather prolongs. Good grades of receipts will find a ready market, yet there is still danger of an overloaded market and shippers will do well to test out the market the day before shipment.

Fresh eggs are going up, extra choice being quoted at 29¢ to 30¢ to the trade. The receipts are an infinitesimal part of the number required to fill the demand. Kansas cold storage eggs are filling the market.

Good reports emanated from business sources in this territory the past week. Trade has enjoyed a steady and quiet expansion, with no startling developments, but with every evidence of prosperity, according to the local offices of the commercial agencies. The continued talk of the strong interest in rolling stock for railways is applicable to this section also, as announcements were made of the purchase of much additional equipment by roads entering Houston and also by the local street car company. The wholesale grocery trade was brisk the past week, both in the country and city divisions.

Retail dry goods business is good in the city and country as well, but jobbers are experiencing a lull except in specialties, as this is the between-seasons time with them. Their traveling men will start on the road with spring lines next week.

The weather has been pleasant throughout the week and crop movement has not been interfered with.

The rice crop is moving rapidly at good prices. Cotton receipts at Houston are still far in excess of those at this date last year for the same period and the prospects are for this to be the record year for Houston as a cotton market.

Building in the city is active. Collections are fair to good.

Beauty Never Dies.
Nothing of beauty dies without having purified something, nor can aught of beauty be lost. Let us not be afraid of sowing it along the road. It may remain there for weeks or years, but like the diamond it cannot dissolve and finally there will pass some one whom its glitter will attract. He will pick it up and go his way rejoicing. Then why keep back a lofty, beautiful word, for that you doubt others will understand? An instant of higher goodness was impending over you. Why hinder its coming even though you believe not that those about you will profit thereby? What if you are among the men of the valley, is that sufficient reason for checking the instinctive movement of your soul toward mountain peaks?—Maurice Maeterlinck.

Norway in Scotland.
The Orkney and Shetland islands, strictly speaking, belong to the kingdom of Norway. Toward the close of the fifteenth century King Christian of Norway pledged the Orkneys and the Shetlands, over which his rule was undisputed, to King James I. of Scotland for the payment of a dowry of his daughter Margaret, who became queen of Scotland. The pledge has not been redeemed.

Selecting Judges.
Dr. Franklin thought that judges ought to be appointed by lawyers, and added the shrewd man in Scotland where this practice prevails, they select the ablest member of the profession in order to get rid of him and share his practice among the select.
